**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the U.S. Postal Service as First Class Mail in an envelope addressed to: Commissioner for Patents, Office of Initial Patent Examination's Filing Receipt Corrections, P.O. Box 1450, Alexandria, Virginia 22313-1450, on March 22, 2005.

Anthony F. Matheny

Dear Sir:

On December 15, 2004, Applicant submitted by facsimile to facsimile number 703-746-9195 a Request for Corrected Filing Receipt. Even though a confirmation of the facsimile being sent was obtained by Applicant, no corrected filing receipt has been received by Applicant and there is no indication on the Office's PAIR system that the first Request for Corrected Filing Receipt was received by the Office. Accordingly, Applicant files this Second Request for Corrected Filing Receipt and respectfully requests that a corrected Filing Receipt be issued.

On July 6, 2004, Applicant received a Filing Receipt in the above-referenced non-provisional patent application. In the section of the Filing Receipt entitled "Domestic Priority data as claimed by applicant," the application from which the present application claims priority, U.S. Patent

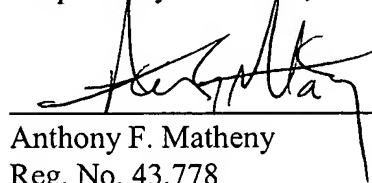

Application Serial No. 09,877,341 (the "parent application") was noted as "ABN." However, at the time of the issuance of the Filing Receipt, the parent application was deemed abandoned due to an error by the U.S. Patent and Trademark Office. Due to the Office's error, on October 27, 2003, Applicant filed a petition to request that the notice of abandonment be withdrawn. On November 29, 2004, the Office granted Applicant's petition. A copy of the Office's Decision is attached hereto. As a result, the parent application is no longer deemed abandoned by the Office. Therefore, Applicant respectfully requests that a Corrected Filing Receipt be issued noting that the parent application, U.S. Patent Application Serial No. 09,877,341, is currently pending. A copy of the Filing Receipt showing the proposed correction is enclosed.

In the event any additional information is required by the Office to expedite the issuance of the Corrected Filing Receipt, the Office is requested to contact the undersigned by telephone at 713-220-4168.

Date:

March 22, 2005

Respectfully submitted,

PETITION

This is a response to the REQUEST TO WITHDRAW THE HOLDING OF ABANDONMENT, filed October 27, 2003. The request asks that the abandonment, as set forth in the Notice of Abandonment of October 16, 2003, for failure to timely file a proper response to the Office letter dated January 09, 2003 be withdrawn. The requester asserts that applicants timely filed a proper response on April 03, 2003.

DECISION

The instant request is accepted as a timely petition under 37 C.F.R. 1.181 (no fee).

A review of the petitioner's evidence provided with the instant petition indicates that the request has merit. The evidence presented is sufficient to establish that the applicants did file the proper response to the Office letter of January 09, 2003 in a timely manner. The evidence provided includes: 1) copies of the Response (i.e. an Amendment and a Fifth Supplemental Information Disclosure Statement with a Form 1449A) with an executed Certificate of Mailing on April 03, 2003; and 2) a copy of the returned stamped postcard confirming receipt of the Response by the USPTO dated April 08, 2003.

Therefore, the abandonment is hereby withdrawn, and the application is returned to
